RE: Letter of Recommendation - Peyton Lee of Lee Productions

Peyton did an exceptional job as DJ for our wedding reception this past weekend at Southport Beach House here in Kenosha. The atmosphere he created was fitting during the dinner service and he livened up the crowd as the night went on. He was able to take the material my wife and I gave him and follow through exactly as we requested.

Lee Productions is a very reputable company and Peyton is known for delivering excellent performances in southeastern Wisconsin. He treated us as though we were family and we would recommend him for any venue.
